# California Energy Standards

Instructed by Larry LeVair, Senior Electrical Inspector

## 6 Hours Continuing Education Credit

### California Title 24 Building Energy Standards

Reducing energy use is a benefit to us all. Because energy efficiency reduces energy costs, increases reliability and availability of electricity, improves building occupant comfort, and reduces impacts to the environment, standards are important and necessary for California's energy future.

Learn what the regulations are and what changes to the regulations have taken place.
