## Past attendees speak out about the Foremanship Series:

- As a project manager, I found the information especially useful and feel I can use this as a tool to grow not only the foremen I have now, but future foremen as well.
- The class pretty much covers all the subjects about being a foreman. I liked the fact that planning ahead was emphasized. I would recommend the class highly to others in our company.
- Others than just foremen should take this class; purchasing, estimating, etc. It's important to work as a team.
- My project manager and estimator asked where the heck did I learn the stuff I was asking them for.
- I was impressed. Very good class. Thank you!
