PAY UPGRADE INFORMATION

The ABC So-Cal HVAC program is an 8,000-hour program. Base upgrades on the following calculations: 8,000 hours divided by 10 periods, which equals upgrades every 800 hours for those apprentices working on projects bid under these 2009-2 determinations. **However, the ABC So-Cal Health and Welfare for its apprentices is higher than the amount allocated by the State. Please adjust pay to include the difference noted in the Notice of Understanding.**

The information contained in the box above is provided strictly by the State of California. ABC So-Cal does not take responsibility for ANY of the calculations or dollar amounts shown in the bordered areas. It is recommended to periodically recheck the information for revisions. See **Notice of Understanding** for current ABC So-Cal Health and Welfare rates/Pay Upgrade/Upgrade On Hold information and Training Contributions.
